1964 Falcon Sprint Convertible

January 2003

This 1964 Falcon Sprint convertible was fully restored, from the ground up, by Tim Roeder of Longview, Washington. The Sprint sports a 289 h-po engine, 4 speed transmission, tinted windows and disc brakes.

The photos were made at the historic Robert A. Long High School.

Do you have a photo of your Falcon
for the cover of

The Falcon National News?

Send photos with a self addressed stamped envelope if you want them returned. Include a few paragraphs about yourself and your Falcon and send to the Editor at the address on this page. Digital files: send hi res JPEGs that will convert to 300 dpi at 4x6 inches. Have several large digital files? Send on CD, please.

THE FALCON CLUB OF AMERICA, INC. is a nonprofit organization dedicated to preserving the FALCON Automobile built by the Ford Motor Company from 1960 to 1970. The FCA was founded by Roy Sword in 1979 and is incorporated under Arkansas state law. Yearly dues to The Falcon Club of America are \$25.00 (\$30.00, payable in U.S. funds outside the United States) and are payable to: The Falcon Club of America, P.O. Box 113, Jacksonville, AR 72078-0113. The **Falcon National News** is published monthly with information from its members. **All copy and advertising for The Falcon News should be sent to the Editor, Wendelyn Crosby, 16318 Riggs Rd., Stilwell, KS 66085.** Please mark "FCA" on outside of envelope. E-mail address: WCrosby63@earthlink.net

NOTE: The club will send a notice to each member the month before membership expires. Be sure to send your renewal in early to retain your original membership number. If you do not renew your membership within 90 days after it has expired, your membership number will be placed in the inactive file and will no longer be used by the club. See renewal date on mailing label.

President's Message

It just seems like yesterday that everyone was talking about Y2K and now it's 2003.

Last year FCA members and your chapters sponsored seven Regional Meets and a National Meet. As you know, these events are a lot of fun, but they are also a lot of work.

Several years ago the FCA put together a "Meet" guidelines handbook and Joe Tatti, our Recording Secretary, keeps the handbook current, based on input from the folks that have been hosting the shows. This month we will be mailing a copy of the current guidelines to all Chapter presidents. We ask that these be passed around to the other members of the chapter to review. The chapters that have used the guidelines for planning their events have found the handbook to be very helpful.

With eight shows per year, this means we average about one per month during the normal show season. Some chapters have commented on how they may be competing with each other. I know the folks on the West Coast move their Regional Meet around the state of California, and the East Coast folks try to alternate between chapters/locations. The South Central group, Texas/Arkansas, has also had success rotating the hosting chapter for Regional Meets to avoid competition. I encourage all of the regional directors to review our schedule for this New Year and work with each other to promote well-attended, successful Meets..

Hope everyone had a great Holiday and that you are enjoying a prosperous New Year!

Steve & Carol

Editor's Message

HEY FOLKS! The message below appears in every newsletter, but each month I receive several requests for change of address, missed newsletters, renewal of dues, etc. I just put the newsletter together, I don't mail it out or maintain membership addresses or lists.

For timely handling of your membership matters, please send all questions to Ruby—she does a great job of keeping us current!

—Wendy

**Is Your Address Changing?
Not receiving your newsletter?
Need to renew your membership?**

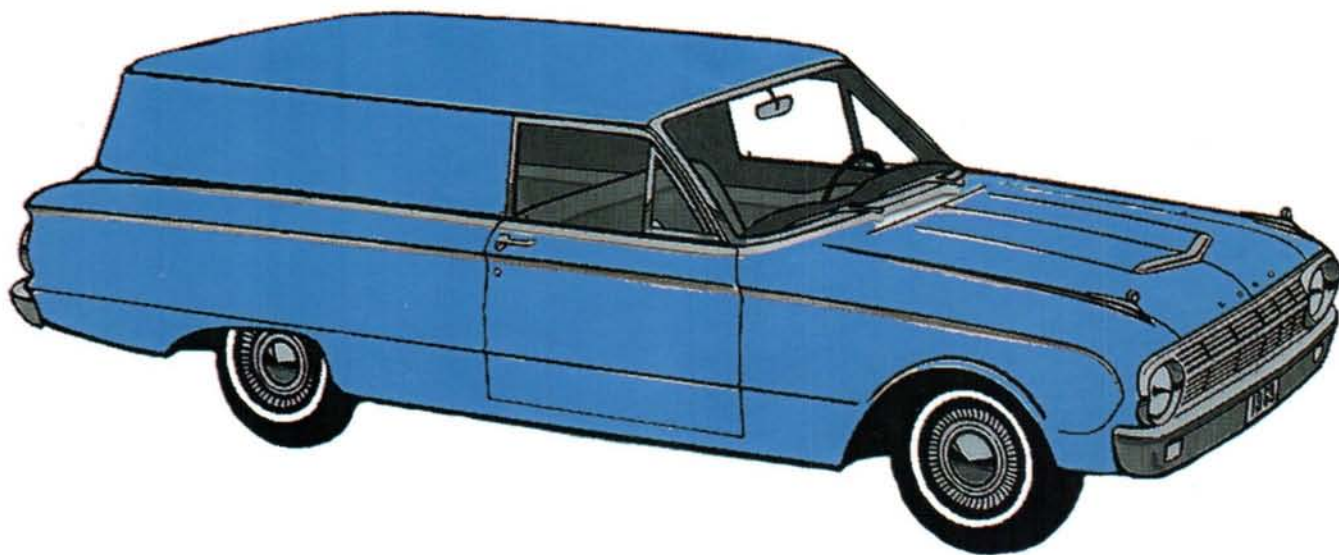

Please address all membership concerns and questions to Ruby Throgmorton, Corresponding Secretary. Find her address in every issue of the Falcon National News or email: RubyRTFCA@aol.com.
Please DO NOT send address changes to the Editor.

Ford Announces 100th Anniversary Plans

Ford Motor Company will commemorate its 100th anniversary June 16, 2003, and the plans to celebrate this historic milestone are well underway.

Ford's 100th anniversary programs will be targeted primarily at key audiences such as employees, retirees, dealers, suppliers, customers, car clubs and automotive enthusiasts. But interest in Ford's 100th anniversary is widespread.

The main communications channel is the company's 100th Anniversary Web site, which can be accessed through www.ford.com. The Web site includes an events guide and an interactive section that allows site visitors to share their Ford stories – everything from their first Ford product to how the company has impacted their lives.

A special five-day celebration commemorating the company's rich history and bright future will be held June 12-16, 2003 on the grounds of the Henry Ford II World Center in Dearborn, Mich. THE ROAD IS OURS 100th Anniversary Celebration will feature one of the world's largest displays of classic, current and concept Ford vehicles, interactive displays and exhibits and children's activities.

Integral to the company's centennial is revitalization of the Ford Rouge Center. The redevelopment will result in lean, flexible and sustainable manufacturing at one of the world's largest and oldest industrial icons.

"I'm proud of the fact that we're building at an existing site. Rather than going to a greenfield location, we are recycling the Rouge," said Bill Ford, Chairman and CEO, Ford Motor Company. "We're demonstrating our commitment to our employees, our hometown and a 20th century icon. As we celebrate our Centennial, the Rouge will stand as an enduring symbol of our rich heritage and our vision for the 21st century."

Ford is partnering with Henry Ford Museum and Greenfield Village to operate the new Visitor Center and plant tour. The Visitor Center is a state-of-the-art presentation venue that will offer two multi-screen theaters, numerous touch-screen interpretive displays, and an 80-foot-high observation deck overlooking the world's largest living roof on the Dearborn Truck Plant.

Ford has built six 1914 Model T replicas, and fully restored the company's 20 millionth vehicle, a 1931 Model A.

For enthusiasts and collectors, the company has developed a wide-ranging collection of commemorative merchandise totaling more than 100 different products.

PRIORITY START

Storing your car for the winter? Maintain your starting power while waiting for warmer days. When the key is off, this device monitors, detects and automatically disconnects any drain on the battery. Turn the key to start and it automatically reconnects, starting safely from inside your vehicle. Fits any 12 volt vehicle application.

Part # PSIDP12

\$74.95 ea

1 quart

Part # FPS-01

BILL HIRSCH FUEL PRESERVATIVE AND STABILIZER

When storing your car over the cold winter months it is best to store it with a full tank of gas and a fuel preservative. This is one of the finest products on the market. Helps prevent gum and varnish build-up in your fuel system. While its primary use is to keep fuel fresh, it can also be used to clean your fuel system, keeping injectors, needle valves, etc. free from contamination. For use in 2 or 4 cycle engines. One ounce protects 3 gallons of gas or diesel fuel for 3 years. This one quart bottle will protect 96 gallons for 3 years.

CRASH from the Past...

Police Officer Liz Gribbon of Plantation, Florida and her husband Bob sent a bunch of old fender-bender photos from the Police Record Department. Bob writes, "they are a lot of fun to look at, but not for the people involved..."

Note the gas price in photo on upper left of next page!

Bob's Ranchero, Festus, was featured in the February 2002 issue and on the cover of the Falcon National News. It's a beauty and definitely NOT crashed.

INFORMATION EXCHANGE

On the TV show, Smallville, two of the characters drive Falcons. Chloe drives a 1961 red & white 4 dr sedan and Pete drives a 1964 convertible. Both look good. Jeff Miltimore, FCA #2744.

There's a debate raging over whether any 1964 Falcons (non-Canadian/Australian) were ever built with the hi-po 289 motors. If any of your members know of any that can be documented, I'd appreciate them dropping me a line. Rich McCarthy, McYak@aol.com.

Sprint Winter in Minnesota

Larry Winter of Sauk Centre, Minnesota bought his 1965 Sprint with factory vinyl top in 1980. He used it as a daily driver for two years, then decided to fix it up for show. He writes, "It took me a long time to get it done, as I did it as the parts became available." He just has a couple of things to finish up before the restoration is complete.
